About me

Recent Systems Engineering graduate with a solid academic foundation and hands-on experience in software development projects. Passionate about continuous learning and technological innovation. Proficient in various programming languages, UI/UX design, and database management, acquired through university coursework, specialized training, and personal projects. Committed to delivering creative and efficient solutions in every endeavor.

Experience

Full Stack Developer

Marcsoftware — Remote

2020 - 2022

- Assisted in migrating CONSULSOFT, a medical office management software, to JavaScript and React, enhancing performance and user experience.
- Contributed to both frontend and backend development to ensure seamless integration during the migration.
- Collaborated with a remote team to implement migration strategies, troubleshoot issues, and maintain software reliability.

GRAPHIC DESIGNER

Maple Studios, Puerto Plata, Rep. Dom.

2019-2020

I worked as a graphic designer for T- Shirts, Flyers and websites using programs such as Photoshop, Illustrator and Corel-Draw.

Skills

- Javascript, React, Docker, Terraform, Python, Mysql, MongoDB, Flutter
- HTML, CSS, Tailwind CSS, C# .NET, Firebase, Mobile Developer (Java)
